Dear Ms. Stout and Mr. O'Brien:

Enclosed is the agency's appropriation year 2010 Monthly Financial Report as of May 31, 2010.

The following is a narrative summary of budget adjustments, projected budget variances, capital budget issues, and other key budget issues known at this time.

BUDGET ADJUSTMENTS

The budget adjustments listed below apply to the appropriation year 2010 report as of the end of May, 2010. Adjustments to Health and Human Service Commission's (HHSC) appropriation pattern as detailed in the Conference Committee version of S.B.1, Article II are described.

A1-A6b These adjustments include those pursuant to S.B. 1, Article XII that reduce HHSC's general revenue Match for Medicaid, appropriate ARRA federal funds – including not only Medicaid funds, but also Temporary Assistance for Needy Families (TANF) and Supplemental Nutrition Assistance Program (SNAP) funding, allocate the general revenue reduction and enhanced Medicaid federal Medicaid assistance percentages (FMAP) to the affected agencies for appropriation year 2010, and carry forward a portion of the general revenue reduction and American Recovery and Reinvestment Act (ARRA) funds to appropriation year 2011. Adjustments relating to a future request to budget the additional ARRA Tier 2/3 federal increase and to utilize the freed up general revenue to mitigate Medicaid needs have not been included. No change from prior report.

B. This adjustment reflects the appropriation per S.B.1, Article IX, Sec 17.78, *Contingency Appropriation for S.B. 7*. No change from prior report.

C. This adjustment reflects the appropriation per S.B. 1, 81st Legislature, Article IX, Sec 17.03, *Enterprise Resource Planning Projects*. No change from prior report.

D. This adjustment is pursuant to the authority provided in S.B. 1, 81st Legislature, Article IX, Sec. 8.03, *Reimbursements and Payments*. Adjustment has been updated this month to include additional interagency revenues in B.2.2. Medicaid Vendor Drugs.

E. This adjustment reflects changes in estimated federal funds per S.B. 1, 81st Legislature, Regular Session, Article IX, Sec. 8.02, Federal Funds/Block Grants. Updated from prior month's report to agree with projected federal funds included in the agency's Base Reconciliation, submitted June 14, 2010.

F. This adjustment reflects the carry forward of \$134,566,806 in unexpended general revenue balances from fiscal year 2009 for Frew strategic initiatives pursuant to S.B. 1, 81st Legislature, HHSC Rider 53, Appropriations Related to Frew Strategic Initiatives. No change from prior report.

F1 S.B. 1 appropriated an estimated unexpended balance of \$113,000,000 for Frew strategic initiatives; therefore, this adjustment reflects a reduction to the amount above, leaving a net of \$21,566,806 in excess of the General Appropriation Act estimate. No change from prior report

G. Reserved for the carry forward of unexpended balances of supplemental appropriations from appropriation year 2009 pursuant to H.B. 4586, Sec. 27b. This adjustment will be included once the carry forward is completed.

H. Reserved for the carry forward of Children's Health Insurance Program (CHIP) unexpended balances from appropriation year 2009 pursuant to HHSC Rider 15. This adjustment was approved in June 2010 and will be included in next month's report.

BUDGET VARIANCES

Projected budget variances reflected for strategies in Goal B, Medicaid, and Goal C, CHIP, reflect the forecast updates included in the HHSC Base Reconciliation, submitted June 14, 2010.

Although we have updated our projections in this month's report, we have not included a number of adjustments that were included in the Base Reconciliation. As a result, the variances in Schedules 3 and 5 of this report will not agree with the appropriation needs presented in that submission. Future adjustments will be included in Monthly Financial Reports as required notifications are submitted, approvals received, revenues realized, and/or actual adjusting entries are processed in the Uniform State Accounting System.

Schedule 3 indicates balances in the variance column for some collections that HHSC projects will not be fully realized and some that HHSC anticipates will exceed the initial S.B. 1 appropriation. Note that, if appropriation authority has been provided, HHSC increases the SB 1 estimate (the Operating Budget column in this report) for collected revenues in GR-Related and Other Funds only when revenues have actually been received.

- Collections that are anticipated to result in lapsed authority are expressed as a positive variance (706 Vendor Drug Rebates, 8081 Supplemental Vendor Drug Rebates, 3643 Premium Co-payments, Low Income Children, 8062 Appropriated Receipts Match for Medicaid, and 666 Appropriated Receipts). The positive variance in 705 Medicaid Program Income reflects that the actual collections to-date currently exceed the Base Reconciliation estimate.
- Collections projected to exceed the S.B. 1 estimate plus actual collections to-date are expressed as a negative variance (8054 Chip Experience Rebates, 8070 Chip Vendor Drug Rebates, 8075 Medicaid Cost Sharing, 8044 Medicaid Subrogation Receipts, and 777 Interagency Contracts).

SIGNIFICANT CHANGES FROM PREVIOUS REPORT

This is the ninth report for budget year 2010, and there are significant changes from the previous report. As mentioned above, we have updated the ALL Funds projections for Goal B Medicaid and Goal C CHIP to agree with the recently submitted Base Reconciliation method of finance totals (adjustments between strategies may be made in future months). Projections for Federal and Other Funds in other HHSC goals have also been updated consistent with Base Reconciliation totals. GR-Related Funds in the other goals agree with current appropriation authority. Adjustments will be made in future months when required approvals are received and/or notifications submitted.

OTHER KEY BUDGET ISSUES

An ongoing potential budget issue (with increased risk during “hurricane season”) is the possibility of declared disasters requiring emergency expenditures in AY 2010, not presently anticipated in HHSC budget projections submitted in the Base Reconciliation.

The Method of Finance used throughout the report is based upon currently known federal cost allocation factors and methodologies and will be updated as required by the federal government, which could result in future Method of Finance adjustments.

In an effort to assist in monitoring the status of requests for approvals on various issues, the table below lists pending appropriation year 2010 requests, the date submitted, and the status of approval or disapproval as of June 28, 2010. We acknowledge that the method of approval or disapproval varies depending on the conditions of the cited provision and may become approval by default. Correspondence regarding funding adjustments that requires notification only is not included in the table.
